HARDOX®
WEARPARTS

# WITEC AG

**Is hereby appointed a Hardox® Wearparts center**

Hardox® Wearparts aims to be the world's leading network for wear products, services and innovations. This diploma is a conformation that the company stated above supports its customers on their journey towards productivity and proactive maintenance. By using SSAB steel grades according to SSAB's high technical and quality standards, the company has earned the right to display Hardox® Wearparts on its products and services.

Per Elfgren
Executive Vice President and
Head of Special Steel division

Hardox® Wearparts companies stand for efficient wear parts solutions and quality services.
